

FECR MOVES FORWARD ON THE CUBE

By rpitts On October 11, 2011 · In Florida

MIAMI - Florida East Coast Realty, Inc., has announced that construction is moving forward on its latest landmark development, The CUBE at 1101 Brickell Ave. Demolition of the site is complete, and the building core and shell are well under way, with completion scheduled for the end of April 2012.

The CUBE, a 2,500sf, 30-foot high development on the southwest corner of 1101 Brickell's glass-walled towers, will house a new TD Bank store.

The architecture of the unique, glass-enclosed structure, designed by Kobi Karp Architecture and Design, was inspired by the Apple Store on New York's Fifth Avenue and the Hotel Industriel in Paris.

The futuristic structure is planned to target LEED certification and features eco-smart, electronically-tintable glass supplied by Sage Electrochromatics, Inc. of Minnesota. The glass walls can be changed from clear to darkly-tinted at the press of a button or can be programmed to respond to changing sunlight and heat conditions.
